

AS SEEN IN

The truth: Hook Mitchell is supposed to be dead. That was back then...Now, the greatest player to ever come from Oakland (including Jason Kidd, Gary Payton and JR Rider) is sitting inside a 10x10 cell, letting the days go by. But soon—hooray! next year—he'll be out, with his game intact. He's still jumping over people and cars in dunk exhibitions while in the pen. His skills are so tight that someone affiliated with the Orlando Magic recently said, "I hope he's available when we have a Draft pick." The rise and fall of Demetrius Mitchell (now converted to Waliy Abdur Rahim) never reached heaven, but never

The truth: Hook Mitchell is supposed to be dead. That was back then...Now, the greatest player to ever come from Oakland (including Jason Kidd, Gary Payton and JR Rider) is sitting inside a 10x10 cell, letting the days go by. But soon- he'll be out, with his game intact. He's still jumping over people and cars in dunk exhibitions while in the pen. His skills are so tight that someone affiliated with the Orlando Magic recently said, "I hope he's available when we have a draft pick." The rise and fall of Demetrius Mitchell (now converted to Waliy Abdur Rahim) never reached heaven, but never actually found hell. Although he never made the League (unlike GP, JK, and JR), there is a documentary on his life about to hit the theatres (unlike GP, JK, and JR). Hollywood knows he's good, if you know what I mean.
